New Category of Tablet Computing

The ThinkPad Tablet 2 is the culmination of an incredible partnership between Lenovo®, Intel® and Microsoft®. The ThinkPad Tablet 2 has a thin, light design with long-battery and always-on connectivity as expected of a Tablet. The Tablet being less than 10 millimeter height and less than 600 grams takes mobility and efficiency to a new level.

Share your documents, contacts and pictures easily and quickly by connecting instantaneously to other devices using Near Field Communication (NFC). Communicate anywhere, any time with video and audio using the WWAN support with flexible Lenovo Mobile Access¹. Stay in touch and be active on social and professional networks with the always-on experience, like your Smartphone.

The ThinkPad Tablet 2 is also compatible with your existing office and enterprise environments as expected of a PC. Illustrate your ideas, annotate documents or take notes with the support for enterprise applications. Feel impressive with the optional Digitizer and Pen that allows freedom to express, inspire creativity and improve productivity on the go.

The ThinkPad Tablet 2 is more than just a Tablet — It is defining a new category of its own.

MOBILITY

- Thin and lightweight with less than 10 millimeter height and less than 600 grams.
- 10.1 inch IPS display and long-lasting hours with 10 hours of battery life.

SUPPORT FOR WINDOWS® 8-STYLE APPS AND DESKTOP APPLICATIONS

- Windows® 8 style apps: Visually rich, single purpose, bite-size cloud connected and touch-enabled apps. These apps include Games, News, Weather, Entertainment, Camera and Sensors.
- Desktop Applications: Complex, multi-function, processor or time-intensive apps. These include personal finance (such as Quicken, QuickBooks and TurboTax), creativity focused (such as Adobe Creative Suite) and Flash supported (such as educational content and games).

EXPANSIVE USE OF USB ACCESSORIES

- The ThinkPad® Tablet 2 comes with a full-size USB port and supports all Microsoft® Windows® drivers to connect to external USB drives, monitors, printers, cameras, DVD burners, mice and keyboards.
- In addition, with the ThinkPad enterprise dock, users can support up to 3 USB devices at a time in addition to an full-size HDMI out port and audio and power ports.

SERVICE OFFERINGS

Lenovo® offers a comprehensive portfolio of award-winning services to support and protect your investment. Succeed with substance and let Lenovo's Service support you all the way.

- **Priority Technical Support¹**
 - » Makes your priority, our priority. 24x7 priority call routing to advanced-level technicians, electronic incident tracking and escalation management services.
- **Warranty Upgrades – Onsite and Next Business Day**
 - » Maximizes PC uptime and productivity by providing convenient, fast repair service at your place of business.

ENTERPRISE APPLICATION SUPPORT AND ENTERPRISE COMPATIBILITY

- Easy access to enterprise-specific apps, databases, VPN, and intranet with support for Active Directory, Domain Join and Group Policies.
- Enterprise managed encryption with BitLocker, white and black listing apps with AppLocker and enterprise-level dock and support for multiple user logins.

OPTIONAL DIGITIZER AND PEN

- Touch is great in many instances, but pen is better in others for a more natural, comfortable and efficient experience.
- The ThinkPad Tablet's active Digitizer and Pen offer a more natural writing experience with a precision fine tip vs. a thick nub.
- Pressure sensitivity and palm rejection technology allows natural resting of your hand on the display without affecting writing and drawing.

• Accidental Damage Protection

- » Avoid the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops or damage to the integrated screen.

• Lenovo Imaging for Windows Tablets

- » Let the experts in Lenovo's Imaging technology Center provide the customization your tablet needs to ensure it is secure, optimized for a mixed Windows version environment and ready to meet the needs and requirements of an enterprise organization. Save time and money and make sure your tablets are ready to go right out of the box.
