MiFi® 2

4G LTE Touchscreen Intelligent Mobile Hotspot

A brilliant interactive touchscreen, a battery that lasts up to 16 hours*, and 4G LTE connectivity for up to 10 devices for the best user experience ever imagined.

Novatel Wireless has again set the design and usability standard for mobile connectivity with MiFi® 2, the next generation MiFi intelligent mobile hotspot that puts freedom at your fingertips.

MiFi 2's vibrant, feature-rich touchscreen makes it easier than ever to connect up to 10 Wi-Fi enabled devices to fast 4G LTE™ Internet. With a battery that lasts up to 16 hours* and the industry's most advanced security features, MiFi 2 lets you connect with confidence and power through your day.

FREE YOUR DEVICES—CONNECT ANYWHERE, ANYTIME

Experience 4G LTE speeds on up to 10 Wi-Fi devices including laptops, tablets, smartphones, eReaders, gaming consoles and more. MiFi 2 provides a reliable, secure Internet connection whenever, wherever you need it.

GO ALL DAY

MiFi 2 can outlast your workday. The powerful battery delivers up to 16 hours* of continuous use on a single charge. Customizable power-saving features including screen sleep settings help extend battery life.

GO GLOBAL

Stay connected worldwide with global roaming†. Enjoy a secure Internet connection for all of your devices wherever you roam.

ACCESS INFO AND SETTINGS FROM THE TOUCHSCREEN

MiFi 2's highly responsive 2.8 inch capacitive touchscreen enables you to check data usage, view, block and unblock connected devices, turn on media and file sharing and more. Plus you can see battery life, network, signal strength and number of connected devices at a glance.

CONNECT WITH CONFIDENCE

MiFi 2 supports the latest, most advanced security protocols required by some of the strictest corporate VPNs, including VPN pass-through, Wi-Fi Protected Setup, NAT Firewall, and a security-hardened web interface with anti-spoofing and secure passwords. You can also manage connected devices directly on the touchscreen.

ENTERTAIN EVERYWHERE

Access and play your movies, music and photos on connected devices with DLNA Certified® MiFi Media Center. Play media from a microSD™ card† on DVD and Blu-ray® players, game consoles, televisions, tablets, home theater devices and more. Use your browser—it's easy.

SHARE UP TO 32GB MOBILE STORAGE

With MiFi 2 you can securely share files with your team. Place up to 32GB on a microSD card and provide instant access to the files from connected devices.

MiFi® 2

4G LTE Touchscreen Intelligent Mobile Hotspot

TECHNOLOGY/BANDS

- 4G LTE: 700/850/1900 MHz, AWS
- DC HSPA+/HSPA+/HSPA/UMTS: 850/1900/2100 MHz
- EDGE/GPRS: 850/900/1800/1900 MHz

GPS

- A-GPS, S-GPS, GPS over Wi-Fi

DIMENSIONS AND WEIGHT

- 4.05" L x 2.88" W x 0.34" D
(99.5 x 73.1 x 8.8 mm)
- 4.26 oz (120 g)

ENVIRONMENTAL

- Operating temperature: -20°C to 60°C

WLAN

- 802.11 b/g/n
- Wi-Fi 2.4 GHz
- DHCP server
- DNS support

ANTENNA

- Integrated diversity antenna
- Integrated Wi-Fi antenna

SYSTEMS SUPPORTED (TETHERED MODE)

- Windows® 8, 7, Vista (SP2), XP (SP3)
- Mac OS® X 10.6 or higher
- Linux® Ubuntu 10.4 or higher

BATTERY LIFE

- Continuous: Up to 16 hours*
- Standby: Up to 57 hours*

EXTERNAL DISPLAY/INDICATORS

- 2.8 inch color capacitive TFT touchscreen

SECURITY

- Wi-Fi security (WEP/WPA/WPA2)
- Wi-Fi Protected Setup (WPS)
- Wi-Fi privacy separation
- VPN pass-through
- MAC address filtering
 - View & block connected devices from the touchscreen
- NAT firewall
- Port filtering
- Security hardened web interface
 - Password hash
 - Anti-CSRF
 - Session timeout
 - Incorrect password logout

STANDARDS/APPROVALS/CERTIFICATIONS

- FCC
- PTCRB
- RoHS
- WEEE
- DLNA Certified®

* Battery usage varies according to number of connected devices, level of activity, and power management features specific to device. Contact your carrier for details.

† MicroSD card sold separately.
